obedient to My conscious command whether it be to form a flower, a blade of grass, a sheaf of wheat, or at times for a loved chela even a dollar bill.

Now, the Qualities of God are also substance. When I say 'substance' I mean just this. When an Ascended Master answers your call for help, what does He do? He draws the essence from God's Heart which is a stream of electrons - these He projects toward you qualified with His consciousness. These electrons are actual substance which can be moulded into any form you require - into the answer to your prayer, into health, supply or illumination. Ask and ye shall receive. Your thoughts and feelings mould the substance of the electronic Body of God into any shape or form you require.

Let us use another simile. If a king has a son in a far country, his devotion to that son is great. From the king's heart he sends a trusted ambassador whom he bids to fulfill every requirement of the son. That is what the love of the Ascended Master does for the individual. The ambassador seeing the requirements of the king's son manifests love as his bodily comfort, his spiritual happiness, the culture and unfoldment of his spirit, which gifts are all expressions of the one Love. So also does the loving care of the Divine Beings who are the ambassadors of God, manifest the requirement of the moment to the supplicant as well as enfolding him in Their loving Presence. Verily, beloved ones, 'before they call I will answer, and while they are yet speaking, I will hear.'

Blessings and Love,

****

Beloved Ones:

The sweetness of the opportunity of reaching the conscious minds of sincere and earnest hearts fills My Spirit with gratitude before the Heart of all Life, and I welcome the invitation which has issued from your own life energy by which I may enter your world and become a companion upon your pathway.

It is a beautiful experience for Us who have been so long denied entrance into the minds and feelings of the race whom We serve to see the doors of the individual consciousnesses open, pressed by the flame of love and service and held wide by the faith of the individual spirit which, now commanding the soul, shall rise in the mastery which God intended, and walk in full freedom in communion with the Perfected Beings giving service to the bound. We bring Freedom that you may dispense it. We bring Comfort that you may be a Comforting Presence, and in all ways and in all manner not only represent Us but embody Our Nature, for it is only through you that We may stand manifest to the world of men. From the time that the veil of maya closed the consciousness of mankind away from that realm of great perfection in which the Wise and Free abide the Law has required that the service which We would render must be conducted through the consciousness of those of you who stand above the masses - who 'are yet in the world but no longer a part of it'.

Your responsibility and your opportunity are both without parallel for where is our profit if you profess communion with Us and yet embody not that which mankind seeks - which is the Nature of God? Communion goes further, My children, than the word; than even the visible Presence, and no man, no matter how dense the clothing of the senses, is so lost that he cannot perceive the embodied nature of those chelas who have entered into the feeling of the Brothers and Sisters who form the Great White Lodge, and who have voluntarily taken upon themselves the obligation to accept chelas and students as well as their karma in their self-less service to this planet.

In My position it is required that the Masters of Wisdom apply always for the acquiescence of My Office before the acceptance of a chela into Their own worlds. The reason for this lies in the fact that, cosmically speaking, it is My great joy, privilege and honor to draw the great energies from the Sun and delegate them each according to their proper channel of expression. Knowing the precious and priceless gift of life for what it is, each electron pulsating with the potent powers of Eternal Life and all the mastery of the Sacred Fire, I can well realize what it means to invest energies in a lifestream or in a cause, being well aware of the balance that is required by Law for such an investment. Therefore, before I give My permission for such an alliance, I impersonally weigh the possible benefit - not only to the individual soul, but to the race - against the sacrifice entailed b the Master in drawing His a tention and energies into the ocalized interest of one individual.

Recently, when We were called upon to appear before the Karmic Board to show what balance We could offer for the release of Our energies, it was pleasurable indeed to be able to point out the tremendous release of the Flame of the Sacred Fire through the Transmission Classes. Your willing participation in this one activity alone was proof to the Cosmic Law that Our investment in your energies was not in vain. Weary not, therefore, My children, in this Cosmic endeavor which will result, not only in your own Eternal Freedom, but that of your fellowman and your planet; keeping in mind its crowning achievement which will be the release of the Beloved Sanat Kumara from His countless centuries of exile from His own beloved planet - a sacrifice He voluntarily assumed because of His love for the sweet Earth and its evolutions.

Thank you, beloved ones. May I offer for your acceptance the love and radiation of the assembled Brotherhood at Shamballa as we enter this most Holy Season.

Blessings and Love,

MAHA CHOHAN
